**Statement Issued by the Palestinian Leadership**

The Leadership deplores and condemns the bus bombing in Haifa and affirms that it stands against violence and terrorism against Israeli or Palestinian civilians.

Ramallah, 5 March 2003, WAFA — The Leadership issued the following statement:

This afternoon, Wednesday 5 March 2003, in the city of Haifa, an Israeli bus transporting Israeli and Palestinian civilians was bombed. The Leadership declares that it strenuously condemns and deplores this bombing attack whose victims were innocent Israeli and Palestinian civilians with no role or responsibility for the savage crimes and extermination war being perpetrated by the Israeli occupation army against our people on our beloved Palestinian land.

The Leadership considers this bombing attack against civilians to be a departure from the responsible Palestinian national position which rejects these acts, particularly those targeting civilians. This bombing attack is an excuse for the Israeli government and its occupation army to escalate and expand the scope of the campaign of killing, destruction and oppression carried out by the Israeli occupation army in all of our cities, villages and camps. During this past February, these campaigns have claimed the lives of 77 Palestinian citizens, injured hundreds and destroyed tens of homes and buildings and imprisoned thousands of our sons. Since the beginning of March, i.e., within the past five days, the occupation forces have killed 19 citizens and injured tens of others as well as destroyed homes and businesses.

The Palestinian leadership rejects this logic of revenge. It also rejects the targeting of civilians on moral and political grounds. These bombings do not serve our just cause against the Israeli occupation, instead, they smear the reputation of our people and their sacrifices with claims of terrorism against civilians, which are used by the government of Israel to cover up the barbaric massacres it perpetrates against our children, our women and our people.
